RE-DOMICILIATION TO LIBERIA

The Liberian Business Corporation Act (the “BCA”) permits an entity established outside of Liberia to apply to move its domicile to Liberia and become a Liberian legal entity for free.

Re-domiciling to Liberia does not constitute the creation of a new entity, nor does it constitute a dissolution; it serves as a continuation of existence in Liberia, which enables re-domiciled entities to reap the benefits of retaining its business history and its legal identity as a Liberian legal entity.

Re-domiciliation can be completed within 24 hours of satisfying all of the requirements set forth in the BCA.
